# THE ROLAND PUGH TECHNOLOGIES DIVISION

This fall Shelton State Community College recognized the accomplishments of Tuscaloosa businessman Roland Pugh by naming the college's new technology wing in his honor. A reception was held for Pugh and his family in September at Shelton's new campus. Pugh, who is a graduate of Shelton State's welding department, has been a strong advocate of education for the county and the state.

# DON'T BREAK YOUR NEW YEAR'S RESOLUTION! GET STARTED AT SHELTON'S WELLNESS CENTER

Learn how you can slow down the aging process in Tuscaloosa' most modern workout facility. Shelton's Wellness Center offers many classes. You can take a healthy cooking class, become a certified exercise/wellness instructor, or learn to operate and manage a health club.

The Wellness Center offers a stress free environment. Aerobic and body toning classes are taught in a newly-cushioned exercise room. The super circuit room provides students with state-of-the-art equipment that helps burn fat and tone muscles during a short period of time. This class is called General Conditioning, PED 118 or 119. Senior adult students may register for exercise classes through the Continuing Education Division.

To learn more about Shelton's nationally recognized wellness program, call Dr. Milady Murphy, (205) 391-2994 or (205) 391-2995. There is something for everyone at the Wellness Center!

# SHELLON STATE - ALABAMA'S JUNIOR COLLEGE OF THE FINE ARTS!

This past spring the Alabama legislature passed a resolution naming Shelton State the "Junior College of the Fine Arts for the State of Alabama." Through the years, the college's Fine Arts Division has distinguished itself in the West Alabama area. Many graduates have gone on to careers in the arts. For others, the quality of their lives improved through Shelton's programs.

Music, art, dance, speech and theater are offered through the Fine Arts Division. All of these programs are housed in the fine arts wing of Shelton's new campus. Theatre Tuscaloosa will move to its new facility on campus in the spring of 1998.

The music facility includes a choral rehearsal hall, band room, lecture room, three teaching studios, practice rooms and a new state-of-the art piano lab with instruments furnished by Southeastern Music Company and Yamaha Corporation. There are four major performing groups in the department, the Shelton Singers, Brass Ensemble, Jazz Ensemble, and the Bach to Rock group.

The music department offers a number of courses in the areas of voice, piano, music appreciation, theory, guitar, and computer application in music. Class piano, class guitar, and class voice are three courses designed especially for people in the community who are interested in improving their musical talents.

Under the direction of Louise Crofton, the department of dance offers a wide range of classes for children and adults. College-level courses are offered for credit and non credit. A new college-level class, contemporary dance, will be offered this spring for actors and others interested in public speaking and will include ballroom, musical theatre, folk dancing, and historical dance. Ballet classes are offered at the intermediate and advanced levels. Classes are also offered for students who are not majoring in dance.

Shelton also offers classes in ballet, movement, theatre dance for students as young as four and one-half years of age. Students are entered for Royal

Academy of Dancing examinations.

The art department is located across from the entrance to the new theatre and offers classes in drawing, painting, photography, composition, art history and art for teachers. A new ceramics area is planned for the future as well as a three-dimensional studio for sculpture classes. A darkroom where students can develop and print their photographs is also included in the new facility. There is also a new gallery that will feature various types of art exhibitions during the year. Krist Lien is Shelton's art instructor.

Shelton's theater department is one of the most visible departments on campus. Courses are offered in theatre appreciation, acting techniques, theatrical make-up, stage craft, stage movement, and theatre workshop. Students work with local theatre productions, such as those produced by Theatre Tuscaloosa. Paul Looney, theater instructor and executive producer of Theatre Tuscaloosa, is the key link between the college and Theatre Tuscaloosa. This spring Theatre Tuscaloosa will move to its new location in the Fine Arts wing. The new theater area will house all of Theatre Tuscaloosa's operations, such as offices, rehearsal halls, and shops. The new theater will seat approximately 500 people.
